Action needed

Congress must strengthen and protect the
Postal Service during the COVID-19 crisis

**CLICK HERE TO FIND YOUR
SENATORS AND REPRESENTATIVE**

LEGISLATION TO STRENGTHEN AND PRESERVE THE USPS

We need all letter carriers, their families and friends to contact their senator and member of Congress to support the next round of legislation to strengthen and preserve the USPS.

To do that, go to NALC.org

Click on the dots in the upper left until you see the “Action Needed” box shown above. Click on it.

You should be on a page that says, “Support USPS in next emergency stimulus.”

Scroll down and look to the gray right hand part of the page, enter your First Initial, Last name and zip code, and then select Go!

From there you should come to a page where you see a “Take Action” tab, along with your name and address to the right.

Select the “Take Action” tab.

At that point, you should have a page showing your senators and representative with email circles highlighted to the right of each of their names. This option will send a form letter email to each senator or rep. All you need to do is select “Go!” at the bottom of the screen.
